All of McGill's fleet is wheelchair accessible but we cannot guarantee access for wheelchairs where there is an obvious deficiency in the bus stop infrastructure. We will do everything within our control to allow inclusive travel but must make our passengers aware that local authorities are responsible for raised kerbs and wheelchair-compliant bus stops.

Your service for Cessnock underground.

All of McGill's fleet is wheelchair accessible but we cannot guarantee access for wheelchairs where there is an obvious deficiency in the bus stop infrastructure. We will do everything within our control to allow inclusive travel but must make our passengers aware that local authorities are responsible for raised kerbs and wheelchair-compliant bus stops.

All of McGill's fleet is wheelchair accessible but we cannot guarantee access for wheelchairs where there is an obvious deficiency in the bus stop infrastructure. We will do everything within our control to allow inclusive travel but must make our passengers aware that local authorities are responsible for raised kerbs and wheelchair-compliant bus stops.

We will do everything within our control to allow inclusive travel but must make our passengers aware that local authorities are responsible for raised kerbs and wheelchair-compliant bus stops.
